

RULES

1. Quiz

Eligibility

Open

2 teams per school :: 3 participants per team

If the first four letter word that comes to your mind is GIMP, then this event is for you! Trivia, tech and all that blah...a written preliminary round followed by a fight to the death between 6 teams that qualify.

The questions will involve trivia, history, current events, hardware and software concepts, networking concepts, who's who, a graphical round, and anything we see fit to on a quiz.

2. Programming

Eligibility

Open

1 team per school :: 2 participants per team

If your idol is 'The Architect', welcome to the cosmos of programming.

This contest involves logic, logic and more logic, and a little bit of coding also. There will be 4-5 questions to be completed within two hours. Participants have to code into Turbo C++. The evaluation will be attempt-based and time-based.

3. Crossword

Eligibility

Open

2 teams per school :: 2 participants per team

What is black and white all over? Come only if you answered 'Tux!' Here we test the participants' brain cells, wit and their creativity in this event. There will be a written elimination round followed by a final round on stage. The clues will be cryptic!!!

4. Group Discussion

Eligibility

Open

1 participant per school

A regular (?!) group discussion. The topics:

- Online (in)security
- Violence in computer games: perverting teenagers
- Casting a net of sponsorship on the Net

... WILL NOT BE SELECTED. The topic will be given on the spot.

5. Gaming

Eligibility

Open

1 participant per school

Our sources have revealed that there will be three rounds with 'Hortar Hayhem' in elimination round. Statistics reveal that our sources are 97.73% accurate. Note that gaming is not always about probability. Finalists will be selected from a grueling preliminary.

6. N-Crypton

Eligibility

Open

1 team per school :: 2 participants per team

The N-Crypton. Go figure...

7. Web Design

Eligibility

Open

1 team per school :: 2 participants per team

Are you Dr Octavius' arch nemesis? Get ready to spin a web!
The topic will be given on the spot along with further details. Participants will be given Dreamweaver, Photoshop and Macromedia Studio. The website will be judged on style, presentation, loading time, creativity and imagination.

8. Digital Imaging

Eligibility

Open

1 participant per school

Let the imagination go wild to design an image par excellence. The topic will be given on the spot. This event traditionally sees some of the best use of image editing software in designing and retouching images, and creating special effects on them. The software given will be Photoshop CS.

9. Media Magnate

Eligibility

Open

1 team per school :: 2 participants per team

Do you see the world through a spyglass? The mystery shall unfold on the web...

10. Animathlon

Eligibility

Open

1 team per school :: 2 participants per team

Do you like square pants? Then be there to be the squared! And remember, we want something FLASHy in this. Topic will be given on the spot.

11. Techathlon

Eligibility

Open

Team Event

Yeah, we're into Olympic mode. It's a fact that technology in the real world is about teamwork more than individual skill. So entire teams are given tasks to perform, which may involve any or all of the skills needed for the events listed above.

Points Tally

General Guidelines

There is flat scoring system for all events:

1. First position :: 100
2. Second position :: 75
3. Third position :: 50

- Decision of the judges will be final and binding.
- **Winning school must be present at the prize distribution ceremony**, failing which the next school in the line of merit will get the prize.
- To win the **Overall Trophy** a school must participate in **ATLEAST 8 events**.

- All schools must report on time for registration. No delays will be permissible.
- It will be impossible to accommodate any clashes.
- Participants must take charge of their own belongings. The organizers are not responsible for any loss or damage.
- The schedule is subject to last minute changes. Please check the official Code Warriors website for any such changes.
- Students shall not be allowed to carry mobile phones.
- **More details about the events and software will available on www.code-warriors.org**
